NEWS RELEASE

Ground Breaking for new Chellaston Library, Derby

Local construction company, A&S Enterprises Limited has marked the start of the construction of the new library at Chellaston. The ground breaking ceremony was attended by several local councillors and officials from Derby City Council.

The new single storey Library has been designed by Derby City Architects and will incorporate the main library, community room, workroom, partnership office, staff room and toilets. It will be completed in 2 phases with the first phase being the enabling works and sewer diversion.

Commenting on the new contract Andy Sulin, Director said “We are pleased to be entrusted with this local project for Derby City Council and will ensure that work is carried out sensitively.”

Councillor Williamson added: “This library is a tribute to the efforts of local residents like Mark Tittley and Linda Winter, who campaigned so hard to secure a library in Chellaston”.
